GardenFest—one of Virginia’s longest running public garden light shows—just keeps getting better! With 30 acres of fantastical light and botanical displays, “H2Whoa!” explores how water surrounds and shapes the world in which we live. “H2Whoa!” delivers ‘edu-tainment’ for all ages, wrapped with holiday fun.

Lewis Ginter Botanical Garden’s mission is education; our passion is connecting plants and people to measurably improve our community. When planning Dominion GardenFest of Lights, we remind ourselves of this mission and set about using a favorite winter tradition as a vessel in which to convey important ideas. The exercise is rich with metaphor, because on the surface it is not a straight line from our relationship with the natural world to dried botanical material and LED strands of light, no matter how artfully the latter are arranged. Fortunately, the indirect path can frequently be the most satisfying, particularly with this year’s thematic use of water.

Water is evocative in contrast. Wells and oases in the desert. Cool water from a hose on a blistering summer day, lashing rain after a dry spell. Water is evocative in torrents. Oceans and seas, floods and storms. Water is evocative for life. “It’s the briny broth of our origins, the pounding circulatory system of the world, a precarious molecular edge on which we survive” (Barbara Kingsolver, *National Geographic*).

It is to our benefit that we can not only survive because of water, we can thrive: “...he shall be like a tree, planted by the rivers of water, bringing forth his fruit in his season. His fruit shall not wither, and whatsoever he does will prosper.” When such rich imagery arises out of biological need, it is as if the roundabout path we have taken has vistas we could not have imagined. From these unexpected vistas, and with overflowing buckets of imagination, creativity and artistry, the staff and volunteers create the exhibit. Then, naturally, we make it fun. We want to irrigate the crops, then we want to celebrate the meal. We want to capture the rain when needed; we want to dance in it as much as possible. We want to tell you why water is so vital; we want you to feel full of life. We knew last year that we would use a water-based theme for this year’s holiday light show. Then we had a staff contest to name it: “H2Whoa!”

Come have some fun, and happy holidays!

Shane Tippett
Executive Director
November

Ginter In The Morning
TUESDAY, 3 ...................................... 10–11AM
Adults explore seasonal garden highlights with a knowledgeable Garden Guide. Pre-registration required at lewisginter.org. Free/member; $/non-member.

Super Saturday

Garden Calendar
See pages 6–8 for GardenFest Calendar and page 11 for Education Calendar.
* Free for member and included with Garden admission.
GardenFest at a Glance

“H2Whoa!”

Discover the wonders of water during this year’s Dominion GardenFest of Lights! ‘Dive’ into deep, blue pools surrounded by glowing ocean life. Stroll through twinkling rainstorms as crystal raindrops and fluffy storm clouds float overhead. Take part in an interactive thunderstorm. As the rains clear, walk through a 75-foot rainbow of lights to the Cochrane Rose Garden, where a 50-foot peacock preens its brilliantly colored feathers in the yellow glow of the sun.

Indoors, track fish moving along a riverway to explore water conservation and water-wise ways. See stunning botanical exhibits inspired by bog gardens and marine life. Investigate the ocean floor and water-themed holiday trees that rise through the ocean to new heights. Nearby, enjoy multiple train displays and wander a tropical rainforest.

Round out your holiday outing with a hearty meal or snack in the Garden Cafe. For a more upscale experience, dine in the Robins Tea House (reservations recommended) amid a snow-covered landscape dripping with ice. And be sure to stop by the Garden Shop—where members always enjoy a discount—to browse the decorations, accessories and gifts inspired by “H2Whoa!”.
Ticketed event. $.

Children’s Adventures

Youngsters, get ready for non-stop fun: sky-high views from the CWDKids Tree House, an expanded twist-and-turn maze of lights and a chance to spot Santa and the GardenKeeper on select nights. Explore the world of water through crafts and activities on Crafty Wednesdays. Toast s’mores* at the Warming Pit (weather permitting), or warm up with beverages* from Espresso-A-Go-Go. Check out the kid-friendly Bling House, chock-full of light-up souvenirs.* And don’t miss the G-gauge trains chugging ‘round the tracks in the Conservatory and Classroom 2.
* By purchase. Additional details pages 6–8.

Exhibits

Railroad Exhibit
Conservatory, North Wing
G-gauge trains whiz by snow-laced streetscapes of historic Richmond landmarks, loop across James River train trestles and venture around the Lakeside watershed.

Holiday Tree
Conservatory, North Wing
A majestic, 20-foot evergreen adorned with glistening snow and frosty icicles reflects the beauty of water’s wintry states. An ideal backdrop for family photos!

Rain and Rainbow
Conservatory, Cottage Wing
See the storm clouds, hear the thunder, follow the rain and discover the aftermath: a rainbow of colors!

Rainforest
Conservatory, East Wing
A world lush with multi-colored orchids, towering tropical trees and intriguing (glass) creatures reveals the importance of rainforest preservation.

Holiday Trees
Kelly Education Center, Hallway
Ornaments crafted by local students demonstrate water’s many forms and impacts on our lives and environment. Collaboration with Henrico County Public Schools art educators.

Railroad Exhibit
Kelly Education Center, Classroom 2
Push-button, interactive model trains ‘make tracks’ around town, lakes and streams. See if you can find the burning building—another reminder of our reliance on water.
Special thanks to the Virginia Train Collectors.
Contact: John Exley, 746-1946, vatraincollectors.com.

“Lifeforms: Land and Water”
Kelly Education Center, Lora M. Robins Library
See natural ocean artifacts, three plants’ evolution from aquatic to terrestrial lifeforms, and a holiday tree reflecting the ocean’s treasures: whales, jellyfish, giant octopi, starfish and more! And don’t miss the Reading Room’s bog garden of dried botanicals.
Early Bird Group Tours

NOVEMBER 30–JANUARY 11 ..........................4PM, BY RESERVATION
An expert Guide will give your private group of 15 to 40 individuals an inside look at this season’s holiday display. Then as darkness falls, your early bird access allows you to experience the magical unfolding of the region’s favorite light show. Perfect for a family reunion or a new holiday tradition!
For tour only, call 262-9887, ext. 320. For tour with group dining on Sunday–Tuesday only, beginning 4:30 p.m., contact Facility Events at ext. 345 or 224. Tours start at the Robins Visitors Center. $.

Give an Experience

Looking for the perfect gift?

• Present gifts of nature, education and entertainment! Garden Gift Certificates can be used for purchasing just about anything at the Garden: admission tickets, memberships, classes, programs and dining in the Robins Tea House or Garden Cafe.

• Give a Garden Shop shopping spree! A Garden Shop Gift Card is designed exclusively for Garden Shop purchases: unique home and garden items, accessories, seasonal decor, tools, books and more.

• Give a Membership! Whether for an individual or the whole family, a Gift Membership lasts all year.

Gift Certificates and Gift Cards are available in a variety of price points, plus they’re easy to purchase on site. Gift Memberships may be purchased on site or online at lewisginter.org.

Instagram Contest: Share Your Favs!

Year after year, your photos capture the essence of GardenFest, so why not share them? Tag your favorites #GardenFest (starting Nov. 27), and you’ll automatically be entered to win a prize package. Winning entries are based on composition, creativity and fun.

Tips for Busy Nights

• Carpool whenever possible.
• Arrive before 4:30 p.m. or after 8:30 p.m. to avoid peak times.
• Closed gates indicate parking lots are temporarily full, so check back in 30 minutes.
• Purchase tickets in advance. Details page 8.
• Make reservations for Tea House dining. Details page 8.
• Have your membership card handy for Garden Shop discounts.
• Return on a weeknight.

“Nature Connects®: Art with LEGO® Bricks”
This special exhibit in our landscape will feature fascinating, larger-than-life sculptures made with LEGO bricks by New York-based artist Sean Kenney. Follow updates on Facebook and lewisginter.org.

Going High Tech
New Resources and Virtual Garden Tours
This fall, the Garden will start managing its plant collections using IrisBG software. With this powerful tool, the horticulture staff will more efficiently manage records of the living plant collections, displays and designed landscapes—as well as more accurately share this information with the public. Also, over the next year, interactive maps of the Garden will be developed and made available through the system’s user-friendly, web-based Garden Explorer module. Accessible from PCs, tablet computers and mobile devices, Garden Explorer will enable guests to virtually visit the Garden and participate in custom Garden tours, while having full access to names, locations and planting history. We invite you to start exploring at lewisginter.gardenexplorer.org.

This software enhancement is made possible through a grant from the Stanley Smith Horticultural Trust.
Annual Fund and Recognition

Your Gift Will Come ALIVE
Did you know that memberships and admissions cover only a small portion of the Garden’s expenses? As a non-profit we rely heavily on Annual Fund donations to carry out our mission.

- Gifts to the Annual Fund support and maintain 50+ acres of breathtaking horticultural and botanical displays, hands-on educational programming and community partnerships with groups such as FeedMore.
- Unrestricted Annual Fund contributions allow Garden leadership to use your gift where it is needed most.

Give a gift that comes ALIVE all year long. Make a donation to the Garden’s Annual Fund today!

Put your donation to work right away. Visit giving.lewisginter.org.

Staff Recognition
Hearty congratulations to Garden staff who celebrated service milestones during 2015:

20 YEARS
Martha Anne Ellis

10 YEARS
Kim Dove

5 YEARS
Peggy Hudert
Donna Reynolds
Kristin Thoroman
Victoria Wilson
Janet Woody

Volunteer Recognition
Congratulations to Sharon Francisco, recipient of the Garden’s 2015 Lifetime Achievement Award. Sharon’s volunteer service has encompassed advocacy, plant sales, archives and special events, as well as leadership roles with the Bloemendaal Council and currently the Volunteer Support Committee. Thank you, Sharon, for epitomizing the spirit of volunteerism!

Dear Volunteers,
I would like to thank each of you for all your support and dedication. Lewis Ginter Botanical Garden wouldn’t be what it is today without the help from our Volunteers. I appreciate everything you do, the hours of service you provide and the love for the Garden that we share. I also want to thank you for the inspiration, encouragement and warm welcome that I received as your new Manager of Volunteers. You are an amazing group of individuals that I enjoy working with and getting to know, so thank you!!

Truly,
Karen Clowers, Mgr. of Volunteers
Upcoming Highlights

Artificial Wreath Workshop

Save the Date

Winter Symposium and CVNLA Short Course
FEBRUARY 10–12 ......................................................... 8AM–4PM
Three days of horticultural excellence for green-industry professionals and seasoned gardeners.
Registration begins Dec. 1 and includes continental breakfast, lunch and sessions. Net proceeds help build CVNLA’s scholarship fund for students pursuing horticultural careers. Presented by Lewis Ginter Botanical Garden, Central Virginia Nursery and Landscape Association and Virginia Cooperative Extension. $.

Tree Care Symposium “Getting to Big Trees: Practices for Life Stages”
MARCH 10–11
Best practices for planning, selecting, planting and caring for trees for green industry professionals and seasoned gardeners. $.

Especially For Educators

Professional Development Workshops

AT YOUR SCHOOL
Let us come to you with these enlightening programs:
• “Outdoors in All Seasons” (Pre-K–Grade 2)
• “Inquiry-based Educations in the Schoolyard” (Grades 3–7)
• “Using the School Grounds as a Classroom” (All grades)
Pre-registration required.

AT LEWIS GINTER BOTANICAL GARDEN
“SPROUTING SUCCESS” (Pre-K–5 Educators)
JANUARY 15 9AM–1PM
Join Agriculture in the Classroom (AITC) for a highly interactive professional development workshop to help you sprout successful learners. Featuring cross-curricular, standards-aligned lessons and resources that use Virginia agriculture and natural resources to engage learners in science, mathematics, language arts and social studies. Workshop participants enjoy AITC’s hands-on, minds-on activities and make-and-takes while exploring the farm and surrounding environment. Participants also receive resource kits full of curriculum, books, posters and a class-set of laminated Virginia maps. Free. Pre-registration required. Presented by Agriculture in the Classroom.

NATURAL CONNECTIONS EDUCATORS’ CONFERENCE
MARCH 16–18
Three-day collaborative conference provides valuable professional development opportunities for Pre-K–Grade 6 educators, administrators and pre-service teachers. Join your colleagues for inspiring opportunities to focus on the powerful ways nature-based education can connect and support all areas of the curriculum. $.
Pre-registration required. Presented by Lewis Ginter Botanical Garden and Virginia Department of Education.

New Exhibit Loan Available January 2016
“The Lakeside Wheel Club: From Bicycle Club to Botanical Garden”
The story of the Garden’s origins as the Lakeside Wheel Club and its evolution into one of the country’s finest botanical gardens is now available as an indoor gallery loan exhibit, beginning January 2016. Suitable for libraries, community centers, retirement facilities, convention centers, hotels and educational facilities, the free-standing exhibit will be loaned to a limited number of appropriate venues within central Virginia for a modest fee. For details and loan agreement terms, contact Janet Woody, Garden librarian, at 262-9887, ext. 332 or janetw@lewisginter.org.
“No water, no life. No blue, no green.”
— Dr. Sylvia Earle, TIME magazine’s first “Hero for the Planet”

Autumn: It’s MORE at the Garden!

Leaves’ colors are more vibrant, and seasonal plantings are more striking. Gourds, pumpkins and berries are more plentiful. Trees’ inherent beauty, especially bark and limbs, is more visible. Temperatures are more favorable for outdoor adventure, and fall is ideal for planting. All the more reason to visit Lewis Ginter Botanical Garden time and again during autumn’s splendor.
