## **Garden Overview**

Lewis Ginter Botanical Garden was founded in 1984 as a community oriented, non-profit garden. After 33 years of rapid growth, the Garden now encompasses 82 acres, four lakes, 5,500 unique taxa of plants within 15 distinct outdoor gardens, 11 major buildings including a conservatory and greenhouse, plus an 80-acre branch site, the Lewis Ginter Nature Reserve. In 2016 we welcomed, taught, energized, and engaged over 450,000 guests with stunning botanical displays, inspiring exhibitions, entertaining activities, and over 900 formal and informal education offerings. We embarked on new and promising community engagement initiatives through the Beautiful RVA movement. We updated the strategic plan and completed our new master site plan. Our 100 full- and part-time staff joined with 650 volunteers and 13,700 member households to live into the Garden's mission to connect people through plants to improve communities.

We accomplish our mission through a broad variety of mission related activities and auxiliary business services. We try to pattern ourselves on extraordinary programs and institutions nationwide, and where there are no examples, we intend to lead. We aspire to be a Garden that is representative in every way of the diverse community we serve.
