Garden Overview

Lewis Ginter Botanical Garden was founded in 1984 as a community oriented, nonprofit garden. After 34 years, the Garden now encompasses 82 acres, four lakes, 5,700 unique taxa of plants within 15 distinct outdoor gardens, 11 major buildings including a conservatory and greenhouse, plus an 80-acre branch site, the Lewis Ginter Nature Reserve. In 2018 we welcomed, taught, energized, and engaged over 390,000 guests with stunning botanical displays, inspiring exhibitions, entertaining activities, and over 1,000 formal and informal education offerings. Our 120 full- and part-time staff joined with 650 volunteers and 12,000 member households to live into the Garden's mission to connect people through plants to improve communities.

We do this through a broad variety of mission related activities and enterprise business services. We try to pattern ourselves on extraordinary programs and institutions nationwide, and where there are no examples, we intend to lead. We aspire to be a Garden that is representative in every way of the diverse community we serve.
