

# UNEARTHING OUR POTENTIAL

## 2021–2025 STRATEGIC PLAN

FEBRUARY 17, 2021

**LEWIS  
GINTER**  
BOTANICAL  
GARDEN

# Unearthing our Potential

## Executive Summary

*“Welcome, we have prepared all of this for you.”*

LGBG Staff Directors

There is little doubt the year 2020 will be etched in our memories for a long time to come. Just as the cherries started to bloom in mid-March, the COVID-19 pandemic began to sweep the country. The Garden closed to the public, but the work did not stop. Then, in early summer, the painful truths of racial injustice were realized like never before. With this, came recognition there is much hard work that needs to be done.

Novelist James Lane Allen wrote: “Adversity doesn’t build character, it reveals it.”

Throughout this year, the Garden has shown its character. Staff and volunteers have personified grace, resiliency and resolve. Classes and field trips went virtual. More than 1,000 pounds of fresh produce was grown and donated to feed the hungry. The Glen Stream project moved forward. Fundraising continued for education projects for the THRIVE capital campaign. After four months of closure to the public, the Garden reopened in mid-July with

safety as the top priority. Guests were welcomed with the stunning M&T Bank Wind, Waves and Light exhibit. Dominion Energy GardenFest of Lights will bring light to the community during the holiday season.

The community has rallied around this Garden. As Brian Trader, our newly announced president and CEO, has shared: “I can’t think of a time when our society has needed the respite and healing of gardens and nature more.” On January 4, Brian will lead this Garden into its next exciting chapter. The challenges will be great. The work will be hard. But there is much to look forward to in 2021.

*The Strategic Plan is a living document reviewed and updated annually by the Garden’s staff and the Planning Committee of the Board of Directors of Lewis Ginter Botanical Garden, Inc. It is approved annually by the Executive Committee of the Board as well as the Board of Directors.*

# Unearthing our Potential

## Background and Introduction

Caroline Martin

Lewis Ginter Botanical Garden’s history begins with the generosity of our first benefactor, Grace Arents, the niece of 19th-century businessman and philanthropist Lewis Ginter. In 1913, Grace purchased the abandoned Lake-side Wheel Clubhouse and its 10 acres in Henrico County from her late uncle’s estate. Before long, she expanded her farm, now named “Bloemendaal” (Valley of Flowers, after an ancestral Dutch town), to 73 acres and a number of support buildings. In 1926 Grace died, and through her will bequeathed Bloemendaal Farm and an endowment of \$100,000 to the City of Richmond for a “public park and botanical garden” to be named for her late uncle. Grace gave life rights to her companion, Mary Garland Smith, and when Mary Garland died in 1968, Bloemendaal became the responsibility of the City of Richmond’s Department of Parks and Recreation. The City investigated several plans for a botanical garden, but none came to fruition.

In the early 1980s, members of the Richmond Horticultural Association gathered a dedicated group of botanists, horticulturists, and concerned citizens in order to uphold the terms of Grace Arents’ bequest. In 1984, when the Garden was organized and chartered, the property was largely untended and the few buildings on site were suffering from age and neglect. It took three years to open to the public and the handful of staff had their pay recorded in cursive in a bound ledger.

After 35 years of rapid growth, the Garden now encompasses 82 acres, four lakes, 5,700 unique taxa of plants within 15 distinct outdoor gardens, 11 major buildings including a conservatory and greenhouse, plus an 80-acre branch site, the Lewis Ginter Nature Reserve. Annually we teach and engage over 17,000 students in engaging and exciting education programs. Each year this cadre of identified learners is just a fraction of the more than 390,000 annual visitors who learn year-round what a garden can mean for the body and spirit as well as the mind. In recent years the Garden has been honored with inclusion in a number of top ten lists for botanical gardens in North America. For the 700 volunteers, 71 full-time staff, and numerous patrons and allies, the honors spur continued commitment and effort.

Major initiatives and accomplishments in the last five years include:

- Creation and staffing of Community Engagement department, and the training of five cohorts of Ginter Urban Gardeners and their related community projects. Fostering of the *Beautiful RVA* collaborative and the *Food for Thought* speaker series. Hosting of popular exhibitions, Free Fourth of July, Free Community Day, and *Share the Garden* initiatives including *Museums for All*.
- Acceptance of the Lewis Ginter Nature Reserve, and creation of the first restricted fund for the Reserve.
- Completion of Master Site Plan for the Garden’s campus identifying four priority projects: Learning Village, Vale House, Conservatory Expansion, and Center for Horticultural Excellence. The Plan also identified the Garden’s plant collections of focus: outdoors—azaleas, conifers, dogwoods, magnolias, pitcher plants, and Virginia native plants, and indoors—palms, orchids, and bromeliads.
- Authorization received from Board of Directors to continue construction planning and begin comprehensive fundraising effort. Conceptual design for Glen Stream restoration completed. Schematic designs completed for Learning Village, Vale House, and Conservatory Expansion.
- Dot’s Garden, Morton Native Plant Garden, expansion of the Community Kitchen Garden including the Stapleton-Tignor Apiary.
- Renovation of Robertson Pavilion, Carriage House breezeway, Evelyn G. Luck Garden, Margaret Johanna Streb Conifer Garden.
- Adoption and implementation of the first complete graphic platform in the Garden’s history.
- Selection of the first and second Frank L. Robinson Endowed Chairs in Horticulture.
- Creation of new positions for Chief Operating Officer, Comptroller, Exhibitions Manager, Guest Engagement Specialist, and Visual Media Specialist.
- Peer recognition of staff members Beth Monroe and Jonah Holland.

# Unearthing our Potential

## **Vision and Mission**

Tom Hennessy

**Our Vision** builds upon our accomplishments and expanded presence and responsibility as we have transformed from a local attraction to a national place of excellence.

Lewis Ginter Botanical Garden, including the new Lewis Ginter Nature Reserve, reveals the unity and integration of human and plant life, celebrates the fundamental significance of the natural world, and enriches communities through horticultural and educational excellence and innovative outreach initiatives.

**Our Mission** affirms the Garden as a primary resource for learning about the botanical world—its beauty, heritage, and significance to the web of life.

Lewis Ginter Botanical Garden connects people through plants to improve communities.

# Unearthing our Potential

## Core Values

*The five Core Values of Inspiration, Hospitality, Integrity, Responsibility, and Innovation define the ethos of the Garden and Reserve.*

### Inspiration

Provide an accessible, memorable, and transformational botanical garden experience through a beautiful environment that engages guests, connects them to the plant world, and encourages them to learn, share, and model our horticultural practices.

### Hospitality

Invite, welcome, and celebrate individuals from diverse communities as visitors, members, partners, volunteers, and staff.

### Integrity

Do professional work that is straightforward, honest, upright, fair, and legal at all times. Steadfastly honor community partners who help the Garden engage with the region and volunteers and staff who carry the Garden and its mission in their hands.

### Responsibility

Educate the community on the interdependence of human and plant life and the importance of environmental stewardship. Allocate resources of time, material, and money when proposed programs or projects are considered effective, efficient, and sustainable.

### Innovation

Inspire guests with evolving garden design, new and creative displays, stimulating programs, and singular events. Expand the influence of the Garden and Reserve through community partnerships and imaginative projects.

# Unearthing our Potential Aspirations

*“I always feel better after  
I’ve been to the Garden.”*

Anonymous Visitor

Top Photo: Harlow Chandler; Bottom Photo: Caroline Martin

## Lewis Ginter Botanical Garden seeks to:

- Operate an engaging botanical garden and nature reserve that effectively serve and bind together multiple, far-reaching communities by demonstrating the interrelationship of plants and people. **(Our Charge)**
- Invite, cultivate, teach, enrich, entertain, celebrate, and inspire a growing and diverse audience of Garden guests, members, friends, and patrons. Ensure the board of directors, allied boards, staff members, and volunteers are representative of the community the Garden serves. Expand the Garden community to reflect broader and larger communities. **(Our Constituency)**
- Steward and expand inspirationally and regeneratively designed, immaculately maintained, and horticulturally significant plant collections in order to display, research, and teach:
  - Global plant diversity
  - Specific attributes and benefits of native plants of the mid-Atlantic and other focused plant collections
  - Ecologic resilience amidst environmental challenge
  - Horticultural best practices
  - The importance of beautiful and resilient gardens, and
  - The transformative physical, emotional, and spiritual benefits of human interdependence with plants. **(Horticulture)**
- Interpret the natural world through innovative and authentic experiences that foster a sense of joy and wonder with children and adults alike, cultivating a lifelong love of nature. **(Education)**
- Engage with all local communities to foster an improved regional quality of life through public horticulture, urban greening, and community-based beautification. Be a source of reliable information, a facilitator of dialogue, a collaborative partner, and an active promoter and participant in the pursuit of horticultural excellence and beauty. **(Engagement)**
- Pursue operational excellence in all we do, embracing prudent management of resources and relationships, high standards of service, and strong work ethic. Encourage respect, hospitality, capability, creativity, inclusion, and integrity. Attract, hire, train, mentor, empower, and reward an exceptional Garden staff. Recruit, encourage, empower, and recognize an extraordinary corps of volunteers. **(Operations)**
- Advocate for human health, well-being, and security through the careful stewardship of our world’s limited resources. **(Environment)**

# Unearthing our Potential Goals

Our goals direct the Garden’s botanical, horticultural, design, and educational and engagement initiatives. These goals will evolve and be assessed in light of accomplishments, insights gained through experience, exploration, and new opportunities.

## HORTICULTURE

Expand and improve the Garden’s horticulture collections, displays, documentation, and research.

## EDUCATION & EXHIBITIONS

Expand the Garden’s commitment to formal and informal education.

Caroline Martin

## COMMUNITY

Strengthen and enhance the Garden’s community engagement through leadership, partnerships, projects, communications, and events.

Caroline Martin

## PEOPLE

Develop and support the people who work at the Garden.

## OPERATIONS

Develop and implement “best practice” business plans and operations; steward and strengthen Garden assets.

Harlow Chandler

## LEWIS GINTER NATURE RESERVE

Continue transitioning the Lewis Ginter Nature Reserve into the fold of the Garden.

Tom Hennessy

## ENVIRONMENTAL STEWARDSHIP

Promote conservation and environmental resiliency through horticultural and operational practices and plans.

# Unearthing our Potential **Operational Objectives**

# Operational Objectives

## Horticulture

*Expand and improve the Garden’s horticulture collections, displays, documentation, and research.*

Top Photo: Harlow Chandler; Bottom Photo: Tom Hennessy

- Update the Living Collections Policy. **(June 2021)**
- Install bamboo overlook garden and memorial bench in the Asian Valley. **(August 2021)**
- Proceed with Glen Stream Restoration Project. **(September 2021)**
- Complete renovation of Margaret Johanna Streb Conifer Garden. **(December 2021)**
- As part of the integrated priority project planning (See Plans, Operations, Assets) determine and document design intent for each of the Garden Character Regions defined in the 2016 Master Site Plan. **(March 2022)**
- Develop a plan to regularly and accurately map, document, inventory, and label planting beds and accessioned plant collections. Update the IrisBG plant records database accordingly. Purchase new plant tag embosser. **(June 2022)**
- **Create integrated plans** for all projects with regard to **environmental sensitivity, plant collections**, educational programming, impact summaries for visitation, revenue, staffing support, equipment inventory, etc. **(Ongoing)**
- Evaluate existing gardens and plant collections. Renovate those that are incomplete, outdated, or have lost their focus. **(Ongoing)**
- Expand and diversify the Garden’s core plant collections including: outdoors- azaleas, magnolias, dogwoods, pitcher plants, conifers, and Virginia native plants, and indoors- palms, orchids, and bromeliads. **(Ongoing)**
- Improve the care of our meadow, woodland, riparian, and park character regions in accordance with stewardship goals; remove non-native species. **(Ongoing)**

# Operational Objectives

## Education & Exhibitions

*Expand the Garden’s commitment to formal and informal education.*

Top Photo: Tom Hennessy; Bottom Photo: Caroline Martin

- Develop and implement a collaborative interpretive planning process for garden-wide themed exhibitions that grow and broaden Garden audience. **(August 2021)**
- Expand professional learning offerings for educators to increase student authentic learning experiences while enhancing environmental education and core curriculum. **(Ongoing)** Research and develop an immersive summer institute for educators focused on professional learning. **(August 2021)**
- Research, develop, and implement Garden-wide framework for recruiting, onboarding, managing, evaluating, and documenting an internship program. **(March 2022)**
- Grow the role of the volunteer Garden Guides as facilitators of both formal and informal visitor engagement experiences, both on-site and in the community. **(March 2022)**
- Research, develop, and implement a post-graduate certificate program in therapeutic horticulture with the VCU School of Social Work and the Office of Continuing and Professional Education. **(September 2022)**
- Refine methods for identifying, onboarding, training, and supporting adjunct faculty and volunteer docents. **(December 2022)**
- Strengthen physical and intellectual control of library and archival collections to ensure preservation of and access to materials. **(December 2023)**
- Develop and implement a process to plan, document, fund, staff, assess, continue, expand, suspend and retire, as necessary, current and future programming, events, exhibitions, and engagement initiatives. Research, apply, evaluate, and update appropriate evaluation tools. **(December 2024)**
- Develop and implement initiatives to provide exposure to career pathways within non-profits, public gardens, horticulture, and allied industries. **(September 2018- Ongoing)**
- Research, identify, develop, and implement expanded educational opportunities, external partnerships, collaborative programming, and innovative exhibitions to invite new and diverse audiences and grow membership. **(Ongoing)**
- **Create integrated plans** for all projects with regard to environmental sensitivity, plant collections, **educational programming**, impact summaries for visitation, revenue, staffing support, equipment inventory, etc. **(Ongoing)**
- Expand Library service offerings for outreach and programming (youth and adult) in the community as well as at the Garden. **(Ongoing)**
- Develop and implement programming and provide resources to build awareness and affect change related to environmental sensitivity and stewardship. **(Ongoing)**
- Develop and implement new approaches to Garden-wide guest engagement, to include innovative cross-departmental collaborations, with consideration to experiential learning, accessibility, and inclusion. **(Ongoing)**

# Operational Objectives

## Community Engagement

*Strengthen and enhance the Garden’s community engagement through leadership, partnerships, projects, communications, and events.*

Caroline Martin

- Develop and implement plan to document, assess, and reduce barriers to affordability and accessibility to activities and programming at the Garden and in the community. **(July 2021)**
- Develop a long-range plan for expansion of Garden’s community engagement ventures, staffing, sustainable funding model, infrastructure and opportunities to leverage foundation, corporate, and venture capital involvement. **(December 2021)**
- Identify and execute two off-campus sites for LGBTQ-led Community Work Days to increase LGBTQ’s local impact and community visibility. **(December 2021)**
- Continue to build connections along the Lakeside/Hermitage/Boulevard corridor, with emphasis on projects to connect the Garden physically and visually through signage, crosswalks, and public transportation. Strengthen and expand outreach programs in the Lakeside neighborhood to emphasize our commitment to our neighbors. **(March 2022)**
- Increase funding for equity and inclusion efforts in community engagement. **(July 2022)**
- Evaluate progress toward advancing racial equity and inclusion through community engagement. **(December 2022)**
- Continue to serve a leadership and communication role in the Beautiful RVA collaborative network and develop its brand position and Web presence. **(January 2016–Ongoing)**
- Develop collaborations and partnerships that will advance the Garden’s commitment to equity and inclusion. **(March 2019- Ongoing)**
- Engage community and corporate leaders in a variety of leadership opportunities to include service on the Board of Associates and Board of Directors. **(Ongoing)**
- Strengthen relations with elected and appointed government leaders in the region and for the Commonwealth of Virginia. **(Ongoing)**
- Explore new ways of using campus programs, facilities, and attractions to diversify audience and build new relationships. **(Ongoing)**

# Operational Objectives People

*Develop and support the people who work at the Garden.*

- Charter, staff, support, and sustain staff-led IDEA (Inclusion, Diversity, Equity, Accessibility) committee. **(June 2021)**
- Develop and implement strategies and processes to recruit, hire, and retain qualified and energetic staff members and volunteers from diverse backgrounds representative of all the communities in our region. **(September 2021)**
- Identify barriers and challenges towards diversity and inclusion in Garden staff and leadership. **(September 2021)**
- Develop and document departmental succession plans, short term and long term, which guide training and professional development efforts and include restructuring needs to prepare the organization for growth and leadership transitions. **(December 2021–then review biennially)**
- Establish and fund staff compensation models benchmarked to the median of comparable positions and organizations. **(March 2022)**
- Support Frank L. Robinson Endowed Chair recipient in pursuit of his / her project goals, to include schedules for project completion and labor support. **(April 2022)**
- Review and enhance as necessary volunteer organization, training, assessment, and recognition. **(June 2022)**
- Expand professional development, training, and mentoring opportunities for staff members. Formalize and document onboarding, quarterly and annual programs; and staff appropriately. **(December 2022)**
- Devise and implement process for professional development, training, staff exchange, and mentoring opportunities for both paid and unpaid staff. Formalize and document onboarding, quarterly, and annual programs. **(December 2022)**
- Research and pursue both internal and external opportunities for staff member exchanges to further development and growth. **(March 2023)**
- Formalize and document the Garden's internship program. Pursue opportunities to provide training, compensation, housing, travel, etc. **(January 2024)**
- Assure budgets include regular Cost of Living Allowances (COLA) increases for Category 1 and 2 full- and part-time staff. Review employee benefits and maintain funding for current benefits. Research, assess, and expand Employee Benefits annually. **(December 2017–Ongoing)**
- Enhance and expand team-building training and social events. **(Ongoing)**

# Operational Objectives

## Plans, Operations, Assets

*Develop and implement “best practice” business plans and operations; steward and strengthen Garden assets.*

Photos: Tom Hennessy

- Conduct biennial cost-benefit analysis of all Garden IT. **(June 2021)**
- Assess mechanical systems Garden-wide, review and revise schedules for preventive maintenance, repair, and renovation. **(July 2021)**
- Map, inventory, and document Garden structures, FFE (furniture, fixtures, and equipment), and infrastructure to facilitate repair, preventative maintenance, and renovation. **(July 2021)**
- Establish strategic endowment growth objectives. **(December 2021)**
- Evaluate and elevate Membership recognition program and Membership benefits to retain and increase the number of Member households. **(December 2021)**
- Establish ongoing and new strategies to maximize enterprise revenue center earnings keyed to appropriate benchmarks. **(January 2022)**
- Evaluate current IT infrastructure and procedures including systems security, storage capacity, back-up protocols, and disaster recovery. Determine future maintenance needs to existing infrastructure to support growth of staff, visitors, and developed acreage. Enhance cross platform communication and data sharing. **(March 2022)**
- Research, assess, adopt, and disseminate standard source documents for policy and programs (e.g., approved plant index guides in the Living Collections Policy). **(December 2022)**
- Review, revise, and implement advancement plans and programs for stewardship, planned giving, and relationship-building with foundations and corporations. **(January 2023)**
- Assess current and future requirements for member, volunteer, guest and student amenities. Incorporate results into planning process. **(March 2023)**
- Develop a plan of action and needed resources to achieve a campus-wide interpretive master plan. **(March 2024)**
- Ensure the near-term and long-term financial viability of the Garden through continuous and transparent communications among Garden management, Finance and Investment Committee, and Board of Directors. Specific objectives include: periodic review and revision of Investment Policy Statement and spending policy; maintenance of adequate cash reserves and liquidity of financial instruments; observance of conservative budgeting practice; establishment and observance of project campaign guidelines; increased emphasis on fundraising. **(March 2016–Ongoing)**
- Expand annual fundraising initiatives to further support current operations and future aspirations. **(December 2016–Ongoing)**
- Complete work on the Garden’s brand identity update and integration with LGBG, LGNR, and Beautiful RVA. **(January 2017- Ongoing)**
- Fundraise for the approved Master Site Plan projects in addition to annual financial goals. **(March 2017–Ongoing)**
- **Create integrated plans** for all projects with regard to environmental sensitivity, plant collections, educational programming, **impact summaries for visitation, revenue, staffing support, equipment inventory, etc. (Ongoing)**
- ✓ Establish and document criteria for *pro bono* space policies. **(March 2020)**

# Operational Objectives

## Lewis Ginter Nature Reserve

*Continue transitioning the Lewis Ginter Nature Reserve into the fold of the Garden.*

Photos: Tom Hennessy

- Continue working with the Cosby family to further transition the property. **(January 2016–Ongoing)**
- Develop specific goals and objectives to:
  - Continue communications with Reserve neighbors and Hanover County officials. **(September 2016–Ongoing)**
  - Develop and test a stewardship budget and protocol for the Reserve. **(December 2021)**
  - Provide for professional training for Reserve staff and volunteers. **(Ongoing)**
  - Actively recruit, train, and retain a volunteer base. **(Ongoing)**
  - Expand and enhance the Reserve’s horticulture collections, documentation, and research. **(March 2022)**
  - Research initial opportunities for formal and informal education. **(September 2022)**
- Collect and catalogue the stories of the Cosby’s home and history. **(December 2021)**
- Implement the Reserve’s budget and operation plan for the stewardship period. **(March 2022)**
- Document the Cosby’s design intentions for the gardens and landscape, collection development objectives, and horticultural maintenance procedures. **(June 2022)**
- Achieve certification for the Reserve azalea and rhododendron collection as a Nationally Accredited Plant Collection™ through the American Public Gardens Association. **(March 2023)**
- Develop a plan for use of the property in the best interests of the Cosby family and the Garden. **(June 2023)**
- Develop risk management scenarios and plans regarding the Reserve. **(December 2024)**

# Operational Objectives

## Environmental Stewardship

*Promote conservation and environmental resiliency through horticultural and operational practices and plans.*

- Evaluate current practices and develop a campus wide recycling program. **(December 2021)**
- Develop a sustainability plan that uses as its framework the American Public Gardens Association Sustainability Index. **(December 2022)**
- Expand and enhance programs to improve and test water quality in and around the Garden and Reserve, remove invasive plants, and mitigate pests through the most environmentally sensitive Integrated Pest Management (IPM) techniques. **(June 2016–Ongoing)**
- Comply and certify as appropriate all major new buildings with a minimum LEED Gold standard. **(Ongoing)**
- Ensure the thoughtful use of natural resources, achieving beauty through environmentally sensitive methods. **(Ongoing)**
- Minimize LGBG/LG NR carbon footprint through conservation and the use of green technologies. **(Ongoing)**

## **Appendix**

# Appendix

# Themes Throughout the Garden

## THEME OVERVIEW

The themes outlined in this plan—timelessness, community, and awakening—are concepts that help to guide the Garden as it continues to grow and develop. These three themes are not mutually exclusive or ordered by importance; rather, they engage and inform one another, and together act as the foundation for the future of Lewis Ginter Botanical Garden.

Elements of all three themes will appear in varying amounts and in varying locations throughout the Garden, at times together and at other times separately. These themes build upon the ethos, characteristics, and mission of the Garden. Together with specific goals and objectives of the latest strategic plan, they become the standards by which design and decision-making are evaluated.

Photo: Don Williamson

### TIMELESSNESS

#### A GARDEN OF ALL AGES

- Engage visitors of all ages, ability levels, and backgrounds by providing a familiar and comfortable environment
- Explore its unique local and regional contextual landscape identity
- Tell the stories of Richmond’s interwoven plant and human history
- Innovate to create timeless designs and experiences that incorporate sustainable technology and practices
- Explore the history of the community, the Garden, and the people associated with it—Grace Arents and her focus on healing and philanthropy through the innovators of today and tomorrow
- Open the horticultural operations to Garden guests to showcase process and ingenuity

### COMMUNITY

#### A GARDEN FOR CULTIVATING COMMUNITY

- Forge meaningful relationships with community organizations and serve as a resource
- Continually strive for greater inclusivity and diversity in guests, members, volunteers, staff, partnerships, programs, and engagement
- Move beyond the Garden’s real and perceived boundaries by removing barriers, both physical and social, that will allow the Garden to be open to everyone
- Facilitate community conversations that seek to act as a bridge between different communities and connect people to the mission of the Garden
- Foster authentic learning experiences that connect people through plants
- Instill a sense of pride and ownership among all of Richmond’s communities

### AWAKENING

#### A GARDEN OF AWAKENING: MIND, BODY, SPIRIT

- Embrace ecological and natural systems and showcase them in the Garden
- Embrace the romantic elements and experiences of the Garden
- Encourage healthy living and nature-inspired lifestyles through educational experiences in the Garden
- Embrace the spiritual renewal that can come from nature and beauty and create moments of pause and reflection
- Redefine beauty to expand on the idea of formal and manicured gardens to create authentic and restorative experiences
- Create opportunities for sensorial exploration and allow visitors to experience the Garden from unique perspectives

# Appendix

## By the Numbers

HORTICULTURE	EDUCATION	COMMUNITY	GUESTS	COMMUNICATIONS
7,613 Accessions	2,343 Adult Education program participants	3,405 Visitors through Museums for All	172,706 Annual visitation (admission, students, rental clients, shoppers, diners, etc.)	996,167 Website sessions
5,416 Taxa/unique types of plants	50 Virtual Adult Education programs and Garden tours	4,348 Meal portions of fresh produce donated to FeedMore	4,028 Highest daily visitation (January 2, 2020)	627,057 Unique website users
848 Genera	899 Participants in virtual Adult Education classes and Garden tours	PERSONNEL	75,678 Dominion Energy GardenFest of Lights visitation (20-21)	2,698,892 Website pageviews
200 Families	9 Virtual field trips created and made available to the public		1,841 Highest daily visitation during 20-21 Dominion Energy GardenFest of Lights (December 22, 2020)	41,910 eNewsletter subscribers
1,795 Species	1,415 Registrations for virtual field trips providing access to 80,000 students		480 Daily average visitation	2,725,364 Social network followers
3,621 Cultivars	72 Virtual Story Times and Garden Check-ins hosted on Facebook		MEMBERS	
1,507 Accessions under glass (Conservatory and Greenhouse)	77,430 Views of Story Times and Garden Check-ins			
211,419 Individual plants			21,576 Adult members	
			12,135 Member households	

The Garden was closed March 15- June 24, 2020 due to COVID-19. Upon reopening, visitor capacity was reduced for the remainder of the year and programming moved to a virtual model when possible.

Calendar Year 2020

# Garden Recognition and Awards

Voted number four among **Nation's Best Botanical Gardens** (*USA Today* 10 Best, 2019, 2016)

Named one of the eight **Most Instagram- Worthy Gardens in the U.S.** (*Better Homes & Gardens*, 2019)

Voted number four among **Best Botanical Garden Holiday Lights** (*USA Today* 10 Best, 2020; 2019, number 2; 2018, number 4)

Named number four among **The Most Beautiful Botanical Gardens in the U.S.** (*Condé Nast Traveler*, 2017)

Awarded **Four Star Rating** (*Charity Navigator*, 2019, 2018, 2017, 2016)

Voted number two among **America's Best Public Gardens** (*USA Today* 10 Best, 2014)

**Best Botanical Gardens in the U.S.** (*Travel Channel*, 2013)

**Top 10 North American Gardens Worth Travelling For** (Canadian Garden Tourism Council/BBCTravel, 2013)

Selected number one amongst the **10 Reasons to be Grateful We Live in Henrico** (*Henrico Monthly*, 2013)

**Top 5 Museum in the United States** (Institute of Museum and Library Services and White House, 2011)

# Appendix

## Completed Objectives

### Horticulture

- ✓ Expand Community Kitchen Garden (CKG) and integrate with the newly constructed apiary. Continue to use CKG and Children’s Garden as learning tools for issues of food security and safe and sustainable food production methods. **(Completed June 2016)**
- ✓ Complete plantings and installations for Morton Native Plant Garden. **(Completed December 2016)**
- ✓ Renovate Luck Memorial Garden. **(Completed April 2017)**
- ✓ Implement the Frank L. Robinson Endowed Chair in Horticulture. **(Completed April 2017)**
- ✓ Upgrade Conservatory and Greenhouse climate control system from Argus Classic to Argus Titan. **(Completed April 2018)**
- ✓ Oversee full implementation of the plant database software IrisBG, to include active promotion of Web-based Garden Explorer. **(Completed June 2018)**
- ✓ Expand the collection and improve the quality within the Conservatory horticultural displays. **(Completed June 2019)**
- ✓ Complete installation of Morton Native Plant Garden Extension. **(Completed June 2019)**
- ✓ Incorporate plant species that benefit pollinators and other wildlife throughout our gardens and collections and maintain them in a manner that is compatible with the wildlife they support. **(Completed September 2019)**
- ✓ Review and systematize current research efforts. Develop strategies for expanding research in coordination and partnership with local schools and national gardens. **( Completed March 2020)**

### Education & Exhibitions

- ✓ Update the Library’s circulation software to provide better functionality and a modern, Web-friendly interface. **(Completed December 2016)**
- ✓ Modernize the Garden’s registration/reservation software to improve productivity, customer engagement and payment security, while providing customers with upgraded and more contemporary functionality through the online interface. **(Completed April 2016)**
- ✓ Complete schematic plans for Learning Village, Conservatory Expansion, and Vale House (and other projects as funded) **including garden and structure designs. (Completed December 2018)**
- ✓ Develop new and strengthen current partnerships to add dimension to current programs and increase opportunity for measurable short- and long-term outcomes in all program areas including out-of-school time, parent-child fee based programs and workshops, and green industry professional development collaborations. **(September 2016–Ongoing)** *(portions complete, remaining elements incorporated into new objectives)*

### Community Engagement

- ✓ Implement Nature Connects LEGO Exhibit. **(Completed June 2016)**
- ✓ Complete the Community Greening ToolKit as an online set of resources for urban greening projects. **(Completed September 2016)**
- ✓ Train and deploy the first cohort of Ginter Urban Gardeners to serve as volunteer project managers for community-based projects. **(Completed January 2017)**
- ✓ Review, revise, and communicate the Ten Guiding Criteria for Partnership Formation. **(Completed May 2017)**
- ✓ Reduce barriers of affordability by increasing opportunities for reduced cost admissions to all Garden events. **(Completed April 2019)** *(MFA admissions and membership programs adopted as well as collaborations with other non-profits, remaining elements incorporated into new objectives)*

### People

- ✓ Transition staff retirement plan from the Principal to the Newport Group. **(Completed June 2016)**
- ✓ Implement the Frank L. Robinson Endowed Chair in Horticulture. **(Completed April 2017)**

### Plans, Operations, and Assets

- ✓ Plan and facilitate Intangible Qualities (IQ) process with key constituents (Board/Donors/Staff) and conduct stakeholder meetings to discern themes that will inform the Master Site Plan design and programming. **(Completed February 2016)**
- ✓ Develop Master Site Plan project prioritization with appropriate input and documentation. **(Completed April 2016)**
- ✓ Develop case statements for four Master Site Plan priority projects including schematic designs, opinions of probable cost, operations/ facilities, etc. **(Completed June 2016)**
- ✓ Complete and obtain Board of Directors’ approval on developing case statements for four priority projects, authorizing the undertaking of a campaign planning study and the creation of a Steering Committee. Begin work accordingly. **(Completed June 2016)**
- ✓ Complete a conceptual Master Site Plan that integrates existing gardens and the Reserve as well as programs and facilities with initiatives to expand plant collections, build capacity and provide educational opportunities for all guests. **(Completed September 2016)**
- ✓ Retain consulting firm to conduct a campaign planning study. **(Completed March 2017)**

# Appendix

# Completed Operational Objectives

## Plans, Operations, and Assets cont.

- ✓ Research and pursue technology that ensures all departments are supported with updated, efficient, and effective systems to allow for best work. **(Completed February 2018)**
- ✓ Retain campaign consultants for approved comprehensive fundraising effort. **(Completed March 2018)**
- ✓ Approve final Investment Policy Statement and spending policy. Confirm managers of endowed funds. **(Completed December 2018)**

## LGNR

- ✓ Repair and seal asphalt driveways. **(Completed June 2017)**
- ✓ Complete schematic engineering drawings of the Reserve’s well water/domestic water/irrigation systems. **(Completed October 2017)**
- ✓ Create and fund the initial Lewis Ginter Nature Reserve Restricted Fund using the proceeds of the sale of property gifted the Garden. **(Completed June 2019)**

# Removed Objectives

## Education & Exhibitions

- Explore options for adding hardware to enable user self-check for Library materials.  
*Removed 2018- Circulation numbers do not warrant a self-checkout option at this time.*
- Explore options for adding the library’s holdings records to WorldCat national catalog.  
*Removed 2018- High costs include initial upload of our holdings, then ongoing costs each year. We have decided not to pursue this project.*
- Work with ActiveNet-Insights to expand reporting capabilities for group activities in Facility Events and Children’s Education.  
*Removed 2019- After thorough research, reporting capabilities not as robust as desired. Desired reporting capabilities have been compiled and saved for future reference.*

# LEWIS GINTER BOTANICAL GARDEN

In 30 years Lewis Ginter Botanical Garden has grown from an idea to a nationally recognized garden. The far-reaching vision of Grace Arents, the support of other passionate benefactors, and the work of countless board leaders, volunteers, and employees have transformed the landscape with new gardens, watercourses, facilities, and infrastructure. The evolving property has welcomed, educated, and inspired hundreds of thousands, earning the Garden recognition and awards. In her lifetime Grace Arents worked tirelessly to strengthen her community by providing extensive educational opportunities for its members. She created and worked Bloemendaal Farm as an example and inspiration to all.

We strive to emulate Grace’s innovative spirit by connecting plants and people to improve our community. Our 2016—2020 Strategic Plan Unearthing Our Potential renews our commitment to horticulture collections, documentation, research, and formal and informal education. The plan also integrates community engagement opportunities that foster an improved regional quality of life.

Going forward we will work to preserve our legacy even as we expand our gardens and facilities and shift our culture to meet the dynamic needs of the Richmond region. We intend to be an ever-stronger resource to our neighbors by delivering authentic experiences that are relevant to people of all ages and abilities. We will strive to improve the daily lives of individuals from all corners of our community, both on and off campus.

With the example and inspiration of our predecessors, we believe there are no bounds to our future possibilities. The ways and means are at hand, and we are confident of the advances still before us.

# LEWIS GINTER NATURE RESERVE

In 2009, Garden leadership began conversations with three visionary and generous siblings: Ms. Ida Madeline Cosby (d. 2016), Monsignor Roscoe Roy Cosby, and Ms. Patricia Elizabeth Cosby. On land in southwestern Hanover County first purchased to be the family home in the early 1980s, the Cosby Farm was transformed under the careful hands of these three remarkable individuals into a stunning 80-acre landscape containing 1,800 varieties of azaleas, 50 varieties of deciduous azaleas, and 300 varieties of rhododendrons as well as numerous introduced trees and protected and preserved native specimen trees.

In 2012 the Cosby’s, with the Garden’s support and encouragement, secured a conservation easement for the benefit of future generations on the newly named Lewis Ginter Nature Reserve. That same year the family included the Garden in their estate planning. In 2014, the Board of Directors of Lewis Ginter Botanical Garden, Inc., adopted resolutions to accept the future gift of the land, recognizing the benefits of a branch site to the fulfillment of the Garden’s horticultural and educational mission. Immediately thereafter Garden staff members began working at the Reserve under the guidance of the family. In 2015, the family recorded a deed granting the land to the Garden, with the Garden taking possession upon the passing of the last surviving sibling.

In the fall of 2016, Monsignor Roy and Elizabeth Cosby continue to live and work at the Reserve, even as Garden staff members help them in their lifetime work to expand and document their gardens and plant collections. The Garden has initiated steps to have their azaleas, in conjunction with those at the botanical garden, recognized as a nationally accredited plant collection with the American Public Gardens Association.

# MASTER SITE PLAN

## SITE PLAN KEY

- A Garden Gateway
- B Entry Circle
- C Water Garden
- D Parking Areas
- E Festival Parking
- F Roundhouse Pavilion
- G Morton Native Plant Garden
