

# LEWIS GINTER BOTANICAL GARDEN **SENSORY GUIDE**

# QUIET AREA MAP

- Our Garden is thriving with living plants that attract pollinators and some wildlife. So, expect to see some enjoying their time here.
- Plants can be aromatic.

# TIPS FOR VISING THE GARDEN

- To avoid a large crowd try visiting the Garden early in the week.
- Check our calendar to avoid days with events that can draw large crowds.

# ROBINS VISITORS CENTER

- It can be busy and loud, and it can echo due to the building's high ceilings.
- Ask Guest Services for a sensory pack if you need one.

# GARDEN CAFE

- It can be busy and loud during lunch time or certain events.
- You can ask the Garden Café staff or your adult for assistance with your food order.

Scents/Smells

Loud Noises

# GARDEN SHOP

- The Garden Shop is known for carrying distinctive and finely-crafted items, some of which can be aromatic.
- It can be busy depending on the season.

Loud Noises

# KELLY EDUCATION CENTER

- This is a quiet space except during Storytime during Friday and Saturday mornings from 10 - 11 A.M.
- Auditorium and classes can sometimes be busy depending on our programming.

## TIPS:

- Make sure to explore the Library.

# CONSERVATORY

- The Conservatory is one of our most popular experiences at the Garden so it can be busy with other guests at times.
- Expect aromas, higher temperatures and humidity than outside.
- Some butterflies might land on you in the Subtropical House after our expansion.
